## MAIN FEATURES

Touch screen shredder with auto feeder, all controls are activated by simply touching the panel. Double motor drive technology: equipped with two 24-hour continuous duty motors without overheating and duty cycles, two separate sets of cutting knives (one for paper and one for CDs/DVDs). Carbon hardened cutting knives unaffected by staples and clips. Energy Smart System and automatic disconnection from the mains for maximum power saving, EPC System displays real-time shredding load and helps the operator to optimize shredding efficiency. Kobra 310 TS line shredders can shred transparent material too: keep your finger for 5 seconds on the Forward control and the machine works continuously for 30 seconds.

- **Automatic Feeder:** shreds up to 170 sheets, whilst the operator can - at the same time - shred paper in the main throat and CDs/DVDs/Credit cards through the dedicated CD cutting unit. Equipped with the patented anti-jamming special system in case the operator feeds the machine with crumpled or stapled paper.
